MEMORANDUM FOR: Associate Deputy Director for Intelligence

SUBJECT : Request to Make a Public Appearance

I request approval to appear as a participant in a panel on "Regional Problems in the USSR" at the Conference on Slavic and East European Studies to be held in Atlanta, Georgia 8-11 October. The Conference is sponsored by the American Association for the Advancement of Slavic Studies. I have been asked to present a paper discussing "Soviet Dependence on Siberian Resource Development." A copy of the paper, which is not yet written, will be submitted for review in September. It will be relatively short, deliverable in 20-30 minutes, and may subsequently be published in a volume of proceedings of the Conference. This latter point has yet to be decided. The paper will be based on unclassified source materials, but will, however, probably be about the same as the summary and conclusions of a longer paper (probably also unclassified) that we hope to prepare in the Resources Branch this summer for dissemination as an Agency report.

Vladimir G. Treml, Professor of Economics at Duke University,
asked
Deputy Chief, USSR/Eastern Europe Division,
to suggest possible topics and participants for the
Conference. (There was precedent for this request as
OER, gave a paper at a similar confer-
ence a year or two ago.) suggested several 25X
possible topics and participants. As a result, I was
subsequently contacted by 25X
who told me that Dr. George W. Hoffman, Professor of
Geography, University of Texas, wanted to talk to me about
the Conference. 25X
I called Professor Horrman, who said that he was charged
with putting together and Chairing the panel on "Regional
Problems in the USSR." He wanted to know if I would do a
paper on Siberian resources. There are to be three
